St Savio High School (SSC)   **2019**
- **8.7**   *Shamshabad,Hyderabad*

PROFESSIONAL SKILLS

- Java
- C
- Python
- Html
- Css
- Java Script
- Web Development

PROJECTS

Food Donation ⬈ |

- <u>Description</u>: A food donation app has the potential to make a significant impact by addressing food insecurity and reducing waste. It facilitates efficient food redistribution, supports community engagement, and fosters collaboration between donors and recipients. By leveraging technology, the app enhances the effectiveness of food donation efforts and contributes to building a more equitable and sustainable food system..
- <u>Technologies</u>: A food donation app requires a sophisticated integration of various technologies to ensure seamless functionality and efficiency. At its core, mobile and web development technologies are essential, utilizing frameworks like React Native or Flutter for cross-platform compatibility and Angular or React for responsive web interfaces. Geolocation services play a crucial role, with GPS integration and maps APIs such as Google Maps or Mapbox facilitating accurate tracking and routing for donations.

Sign Language Recognition ⬈ |

- <u>Description</u>: Sign language is a sophisticated and rich form of communication that is vital to the Deaf and hard-of-hearing communities. It employs visual gestures, hand shapes, and facial expressions to convey meaning, with its own unique grammar and syntax. Sign language plays a significant role in education, advocacy, and community life, and its use and recognition contribute to a more inclusive and accessible society.

INTERNSHIP

Gao Tek Inc ⬈   **07 2024 – 10 2024**
